

Connecting a Community of Gardeners Through Learning

March 7th, 2017
General Membership Educational Presentation in conjunction with
The Botanic Garden Society

Proven Winners: Hot Plants in 2017

Heidi Grasman of Garden Crossings LLC

The Master Gardener Association of Northwest Michigan and the Botanic Garden Society jointly hosted the Proven Winners: Hot Plants for 2017 program with Heidi Grasman of Zeeland, Michigan's Garden Crossings LLC. Heidi talked about new and unique annuals, perennials and shrubs. Most of the items she featured are new to the market, meaning 2017 is the first year gardeners will be able to see and play with these captivating new varieties.

Attendance: 41 members and guests

The regularly scheduled General Membership business meeting was not held this month.

Respectfully submitted,
Judy Reich, Secretary
