Field Trips and Educational Opportunities

Master Gardener College

Join MSU on June 13 and 16-17, 2022 for the 2022 Master Gardener College. This year's educational sessions will be held virtually on Monday, June 13, 2022. Tours, workshops and social events will be held in-person on the beautiful Michigan State University (MSU) campus on Thursday and Friday, June 16-17, 2022. Master Gardener College is a highlight of the year for many and we can't wait to gather and share horticultural knowledge. More information is on their website [HERE](#)

Plant it Wild

Plant it Wild has a solid collection of Field Trips to get you out into the spring woods, early summer dunes, and late summer marsh. Additionally, we invite you to join us as we explore a bog ecosystem near Lake Ann, and the exciting native plant gardening practices at Interlochen Arts Academy. You might say our 2022 theme is "Plant Communities". Visit them at <https://plantitwild.net/>

Looking for Volunteers!

Grand Traverse Native Plant Sale - May 21st

Grand Traverse Conservation District's Native Plant Sale is back on Saturday, May 21st outdoors at the Boardman River Nature Center (1450 Cass Rd, Traverse City, MI) We have a few exciting volunteer opportunities, and they would love your help! Please contact Irene Stibitz at istibitz@gtcd.org or call 231-941-0960 x 10

The Friendly Garden Club will be having their garden walk on Thursday, July 21st, from noon to 6pm. We will be having an educational display at the First Congregational Church. We need two people for 2-hour shifts, each to be available and answer questions. (Total 6 people)

We also are looking for volunteers to be stationed at two of the gardens. We are also looking to split this up into two people/2-hour shifts (a total of 12 volunteers). All volunteers will get a T-Shirt and a ticket to the Garden Walk. These hours go towards 2022 certification. Grab your friend and sign up [HERE](#)
